## THE HUNGRY ONIONS - SHE'S A MOD CD

Named after a once popular Southern California beatnik haunt from the mid-'60s and influenced by vintage and modern artists, the Hungry Onions hammer out a unique blend of garage pop, melodic psych, and surf rock. Jam packed with jangly hooks and reverb-soaked harmonies, ***She's a Mod*** takes a fresh spin on a the classic garage rock sound and has a vibe that is both retro and contemporary.

***She's a Mod*** is the band's first full CD. It features new recordings of songs from the Onions' prior Bandcamp demo releases (*The Other Side* and *Surf Bass*) as well as several new tunes. Tracks to watch include *Superman*, a tribute to mid-'60s cartoon title songs, and *Zombie for Your Love*, a song about, well, a zombie head over heels in love.

For fans of The Allah-Lahs, The Who, Rolling Stones, Mystic Braves, and The 13<sup>th</sup> Floor Elevators
